# No Guts No Glory

**TARA MANUFACTURING**  
By: Thomas Kennedy, Marketing Director

Vinyl Liners  
& Safety Covers

Tara Manufacturing is a family-owned and operated company that is dedicated to producing high quality, custom vinyl pool liners and pool safety covers. Since 1984, Tara has helped pool owners across the country enhance the beauty and safety of their backyard. Tara's vinyl liners and safety covers are built to fit your pool's exact specifications. For over 30 years, Tara has made serving their customers their primary mission.

By focusing on quality and service, Tara has risen to become a leader in the pool industry. Tara's founder, Marshall Richardson, has always believed in employing good people and empowering them to seek solutions to improve the product and satisfy the customer. Tara's innovation transformed the process of manufacturing vinyl liners. They took a hand crafted product that was inaccurate and unreliable and created a product that was precise and durable. Since then, they have applied the same innovative solutions to develop a pool safety cover that exceeds ASTM standards.

Tara's vinyl liners are all constructed from vinyl produced here in the United States. The 2016 pattern collection features 20 different choices that range from contemporary to traditional and natural to sophisticated. Every liner is backed by an industry leading 20 year warranty that offers 5 years of full replacement coverage, for no extra charge.

Tara's safety covers are available in 3 different styles depending on your needs. For convenience and affordability, they offer a standard mesh safety cover. To keep your pool clean and clear all winter there is the solid safety cover. Tara's HD Mesh is a blend of these two options. It offers both convenience and a cleaner pool come spring. With 3 mesh color choices and 2 colors in solid, you can keep your backyard safe and beautiful all year long.

Many of Tara's family-based values are instilled in the company. Tara's mission statement expresses these values; (we) strive for excellent quality and service for our customers, to improve the quality of life for our employees and contribute to the improvement of our community. This mission drives Tara Manufacturing and guides their plans for the future.
